# Yun Won

## Web Designer & Front-End Developer

Creative web designer and front-end developer with 5+ years of experience crafting responsive, user-focused websites and applications. Skilled in UX/UI design, modern front-end technologies and tools, I deliver functional, visually compelling digital solutions that align with client goals and user needs.

## EXPERIENCE

### Ingram Micro APAC

May 2021 - Dec 2024

#### Graphic/Web Designer

- Created a wide range of artwork for over 200 digital campaigns, ensuring alignment with branding standards.
- Provided feedbacks to junior designers to maintain quality and consistency.
- Designed UX/UI and developed front-end for landing pages, websites and emails using HTML, CSS, React JS and WordPress.

### Freelancing

Dec 2019 - Present

#### UX/UI designer, Front-end developer, Web Producer

- Met clients to discuss project needs and requirements.
- Planned, wireframed, and designed websites for web and mobile platforms using Figma.
- Developed front-end with React JS, Vue JS, Next JS, TypeScript, HTML, CSS, and WordPress.
- Managed and maintained WordPress websites.
- Main clients: The History of Egypt Podcast, Bouqo, LotsaGoodies.

### Toolbox Digital

Dec 2019 - Present

#### UX/UI designer and Front-end developer

- Planned, wireframed, and designed websites and web apps for the web and mobile platforms. (Adobe XD / UXPin / Figma)
- Developed front-end using HTML, CSS and React JS.
- Tested and maintained functionalities across websites and web apps.

### Kookmin University Industry-Academic Cooperation Foundation

Mar 2014 - Mar 2016
