Yun Won

Web Designer & Front-End Developer

Creative and detail-oriented web designer & front-end developer with 5+ years of experience crafting responsive, user-friendly digital experiences. Skilled in UX/UI design and modern front-end technologies, I specialise in building functional, visually compelling solutions using Figma, Adobe Creative Suite, HTML, CSS and Javascript. Passionate about optimising usability and performance, I deliver high-quality digital products that align with client goals.
